

Services

Professional Style Development

Image and Style Assessment — When you uncover your personal and professional style, it's much easier to select clothes that are both flattering and appropriate. Elevé helps you identify your current style and body shape and recommends colors, styles, and brands that support the image you want to convey. (2.5-3 hrs)

Closet Audit — Elevé will come to your home to assess the contents of your closet and develop a realistic plan to achieve your goals. Together, we evaluate your clothes, accessories, and shoes, determining which items stay and which items must go. New outfit combinations are created and photographed for later reference. Keeping your budget in mind, Elevé creates a shopping plan highlighting items needed to complete your wardrobe. (time depends on size and number of closets)

Personal Shopping — Save time, money, and aggravation by having Elevé shop for you before you set foot in a store. We'll have clothes waiting for you that support your color palette, body shape, and style, so you'll only choose from clothes that look great on you. Using your shopping plan, Elevé collaborates with you in-store to finalize clothing and accessory selections based on budget and priorities. (3 hr. minimum)

Interview Preparation

Create a polished image that is appropriate for your industry and sets you apart from the competition. Elevé will educate you on appropriate interview attire and create options with existing clothes. (May include shopping if client does not have appropriate choices already in their wardrobe) (2 hour review, 2 hours for shopping)

Personal Brand Development

Clarify and communicate what makes you different and special. Identify your core values, strengths talents and passions and communicate your unique value of promise you have to offer to your clients or within your company. (Four 1-hour sessions)

Corporate Workshops

Elevé provides customized presentations and workshops for businesses and organizations looking to enhance their employees' professional presence. Workshops are customized based on the client's requirements. Examples include: Professional Presence, Appropriate Attire for the Workplace, How to Enforce Your Dress Code, Appropriate Interview Attire. (1 hour presentations, ½ day and full day workshops)
